Teacher of Mathematics with capacity to teach KS3 ICT

Start date - September 2019

Tours and a conversation with the Headteacher/Head of Department will be welcomed

St. Gregory's Catholic High School is the highest performing school in Warrington for pupil progress measures and the most improved High School in the Liverpool Archdiocese.

St. Gregory's Catholic High School is looking at appoint an excellent teacher of Mathematics to work with a range of ability levels to ensure they achieve their maximum potential. We are an expanding school with a new multi-million pound building development and increasing pupil numbers. It is realistic that the Mathematic hours of this post could increase to become a full time Mathematics position with no ICT teaching.

The successful candidate would be working with an effective, dynamic team of subject specialists who strive to provide the best learning experience for pupils through high expectations, inspirational teaching and personalised support. Achievement in the department is strong and GCSE results are above the national average year on year.

In Key Stage 3 the pupils follow a Mathematics curriculum that focuses on skills and content that will prepare them well for the demands of GCSE. Years 10 and 11 pupils study the Edexcel GCSE course with option to study further Mathematics going forward. Content of Key Stage 4 is studies in Key Stage 3 with pupils ready to make the next step in their learning.

The department consists of 7 full time teachers and 1 part-time teacher. Teaching take place in 8 Mathematics classrooms, 2 of which are new classrooms based in our STEM area of the new build development.

This is an excellent opportunity for an outstanding and effective practitioner who has the desire to continue to raise standards across the department. The successful candidate will be passionate about Mathematics and will be personally driven to ensure that every child achieves and makes good progress through challenge and engagement.
