### Erasmus Day

Today 21st of December we celebrated Erasmus Day in Calos. It was a very busy day! In primary the students got to watch a movie called "The Lorax" which talks about

preserving the environment. They also learned about wind energy and they had a conversation about this topic. They participated in a fun quiz game to test their knowledge about renewable energy. Some students helped make a poster about renewable energy.

They also had the opportunity to have a skype conversation with our friends in the Czech Republic.

After breakfast, we continued the Erasmus Day activities.

In Primary, the students in our first and second course, created refrigerator magnets to take home. Third course constructed their own wind mill. Our sixth course drew a comic about re-

During this time, in the first course of Secondary our students continued practising for the play. Second and third course made a comic and e-mailed our friends in Turkey. Our fourth course continued their morning activity and at the end of the day, the whole school got to watch the final
