CAREERS BULLETIN

A levels and Beyond, Wednesday 3 April, 4.30 – 6.30pm , Year 11 and Year 12

As part of our Careers Education Information Advice and Guidance (CEIAG) delivery within school, we would like to invite parents and students to attend an `A levels and Beyond Careers Event` in school on Wednesday 3 April, 4.30 – 6.30pm. A range of top professionals working across a range of industries, will be giving inspiring careers talks to discuss how they moved from A levels to their chosen careers. Each speaker will be representing a particular A level subject to discuss what type of careers the subject can lead to. Students and their parents will be invited to attend a number of mini seminars on rotation covering subjects such as; Art, Business, Biology, Chemistry, Economics, English, Geography, History, Math's, Psychology, Physics, Product Design, and Sociology.

Physiology: the Science of Life- Free online course

This course is designed for 16-19 year olds considering a degree in physiology (or a related subject) and offers an interactive opportunity to develop their understanding of how the body works. It will focus in particular on the cardiovascular, respiratory and nervous systems, with links to real life applications and careers in physiology. The course starts on 8th April. To enrol on the course, please click the link below:

Save the date

Apprenticeship Information Evening, Wednesday 8 May, 5.30pm

The Apprenticeship Information Evening is a great opportunity for parents and students to find out more about Advanced, Higher and Degree Apprenticeships. The Evening includes talks which will explain how Apprenticeships work, how to apply, and the potential benefits of pursuing the Apprenticeship route. There will also be a number of Apprenticeship Employers on hand to answer questions about apprenticeship vacancies and recruitment.

University of Warwick, Warwick Business School, Foundation Year Business

The Foundation Year prepares students for degree-level study and gives the opportunity to build their knowledge about business, improve some key skills and spend a year getting used to the university environment.

Warwick Business School provide a diverse programme of events and activities, such as off campus visits to businesses, guest lectures, careers workshops, and service projects.

All students who enrol on the Foundation Year course receive a full tuition fee scholarship for the year (£6,750) Further details are available in link below:

KEY FOR INFORMATION BELOW

Those in red are most at risk of automation in future leading to a reduction in demand for employees, as machinery/control systems replace the need for such physical human efforts. Those in blue may also be affected, but to a lesser extent. Those in black are considered to be extremely low risk and unlikely to be effected by automation.

 = High risk of automation  = Potential risk of automation  = Low risk of Automation

INDUSTRIES CURRENTLY EMPLOYING THE MOST PEOPLE

Motor Vehicles

Business Support Services

Retail Trade

Education

Construction

Residential & Social

Food & Beverage Services

Wholesale Trade

Head Office & Management Consultancies

Financial & Insurances

This factsheet is produced by Warwickshire County Council's Economy & Skills team as part of the Council's £3 million Skills for Employment programme to improve the employability skills of young people and help businesses recruit to address skills shortages.
