

13th February 2019

Dear Parents and Carers

With the Year 11 Spring Mocks in full swing, I am sure that our students are looking forwards to half term. Fitting the exams into one week, to reduce the number of lessons lost, has meant that this is an intense week and we have been proud of the mature attitude to revision that our students have shown.

Some of our subjects are running additional sessions during the half term, to focus on particular areas in preparation for June. The sessions can be found at this link: <http://fluencycontent2-schoolwebsite.netdna-ssl.com/FileCluster/Sydenham/MainFolder/February-half-term-intervention-for-Year-11.pdf>

As you will see, many of the sessions are for particular classes or are invite only, and may will have been contacted about these already. However, others are open sessions. Please encourage your child to attend any of the relevant sessions.

Students must arrive at school promptly for each session and sign in at Reception before going to the session. They will also need to leave the school site promptly at the end. Please note that there will be no food available in the canteen during half term.

Should you want a copy of the booklet given out at Parents' Evening, which gives tips on how students can study in each subject, this can be found on our website at: <http://fluencycontent2-schoolwebsite.netdna-ssl.com/FileCluster/Sydenham/MainFolder/KS4-Curriculum-Overview-For-Yr-11-P-Eve-30-Jan-2019--DGG-edit.pdf>

As always, thank you for your ongoing support throughout Year 11.

Yours faithfully

Deborah Gostling

Deputy Headteacher
