

April 5th 2019

Dear Parents and Carers

As we reach the end of the Spring Term, we wanted to share a few important pieces of information about the months ahead:

Easter Intervention and Revision Sessions:

We emailed this home last week and students all have a copy. We have been delighted to see the number of students who have been planning the sessions that they will attend. In case you have missed the link, here it is again: [Easter Revision Sessions Timetable](#).

Please remind your child to arrive promptly at the sessions and sign in and out at the Main Reception. This is an important part of our safeguarding procedures outside the normal school term.

Independent Revision:

With little over a month until the main exams, all students should now have a clear revision timetable which they are sticking to. The Easter holiday is a vital time for 'getting ahead'. Students should be devoting a large amount of their holiday to revision. The links here give you more guidance on revision for English, Maths and Science:

[How to Revise for English](#)

[How to Revise for Maths](#)

[How to Revise for Science](#)

Exam Leave:

We have listened to feedback from last year's Year 11 about Exam Leave and brought the date for the start of Exam Leave forwards from our original plans. Students are expected to be in school at normal times until the end of their English Literature exam on Wednesday 15th May. The GCSE Exam Timetable can be found on our website at this link: [Summer Exam Timetable](#)

After the start of Exam Leave, we will continue to provide classroom space for individual and group study. Teachers will also be on hand for exam preparation and revision. We will send you a detailed timetable of the exam preparation sessions for the exam period after Easter.

GCSE Results Day:

This is on Thursday 22nd August. We will contact you nearer the time about arrangements for the day.

As always, we very much appreciate the support from home as the exams draw near. Please do not hesitate to contact us if we can help in any way.

Yours faithfully

Deborah Gostling
Deputy Headteacher
