* *Secondary mathematics trainees will receive 2 additional early-career payments of £5,000 each (£7,500 in specified areas of England) in their third and fifth year of teaching, if they have taught in a state-funded school in England since completing their teacher training course. These amounts are after tax, so teachers will receive the full amount as stated.*

** *Primary mathematics trainees, with at least a B at A level in mathematics (or equivalent), will be eligible for a bursary of £6,000.*

You do not need to apply for a bursary – if you are enrolled on a non-salaried postgraduate course and meet the eligibility criteria, you will begin receiving payments automatically by your chosen teacher training provider. You will receive more information on the arrangements and how this is distributed prior to the start of your course.
