

Developing the role of the science subject leader

Ofsted's Chief Inspector, Sir Michael Wilshaw, recently highlighted the importance of science as a core primary subject.

If you're looking for ways to improve science teaching in your school then good subject leadership is where you should start.

The course

Investigate a range of ways to audit and lead science teaching, develop your role as subject leader and identify new ways to help your pupils to explore and understand the world around them.

Outcomes

You'll benefit from working with other subject leaders to become confident in setting and managing processes for leading science effectively and to lead change in your school to support delivery of the new primary curriculum.

"I feel more confident in my role and understand the first steps I can take towards being a successful science lead."

Nick Stafford, 2016 participant

Date: Thursday 8th February 2018

9.00 – 3.30pm

Location: Hillmorton Primary School,
Watts Lane, Rugby
CV21 4PE

Pricing: £175

What are you looking for?

PROFESSIONAL DEVELOPMENT

We offer high-impact professional development across the UK, and online, based on the latest developments in both pedagogy and STEM subjects. We can also tailor professional development to your school's specific needs with our bespoke CPD.

CAREERS EDUCATION

As well as a host of excellent resources on our website including the Careers Toolkit, we also run the STEM Insight programme to give you a unique experience in industry or university through inspiring placements.

INSPIRATION

We've got a host of ways to help you inspire your students: why not bring a STEM Ambassador into your school to talk about STEM subjects and careers, or start a STEM Club to build confidence and teamwork skills?

COMMUNITY

Share your ideas and challenges with teachers and technicians through our online groups and at our networking events. And join us on Twitter - we have over 20,000 like-minded educators following us.

National STEM Learning
Centre and Network

RECOGNITION

Our recognition schemes and awards allow you, your department and school to showcase the impact you have on your students and colleagues.

RESOURCES

We have over 38,000 quality, STEM teaching resources, available online or at our centre. You can also browse teacher-made resources and submit your own.

STEM Learning operates the National STEM Learning Centre and Network, alongside other projects supporting STEM education
