History, Music, RE	--	£9,000	£4,000	--
Primary, Primary PE Specialism	--	£3,000	--	--

\* Trainees in mathematics, physics, chemistry, computing, geography and modern foreign languages with a 2:2 or above are able to apply for a teacher training scholarship with the appropriate professional body. Scholarships are awarded in place of a bursary.

Scholarships reward the most gifted individuals with free membership of a professional body, networking opportunities and professional development support. Find out more at:

You do not need to apply for a bursary – if you are enrolled on a non-salaried postgraduate course and meet the eligibility criteria, you will begin receiving payments automatically from your chosen teacher training provider. You will receive more information on the arrangements and how this is distributed prior to the start of your course.

**If you are awarded a bursary of up to £12,000 and study full time:**

- ✓ you will receive the bursary in 10 equal monthly instalments from October to July
- ✓ you are advised to confirm the actual payment schedule with your ITT provider

**If you are awarded a bursary of £15,000 or over, or a scholarship of £27,500 or £30,000, and study full time:**

- ✓ you will receive 10 equal monthly instalments from October to July, but with additional payments in February and July, or in the final month of your course
- ✓ you will need to be on the course on 1 January to receive the first additional payment in February, and will need to complete the course to receive the second additional payment at the end of your course
- ✓ you are advised to confirm the actual payment schedule with your ITT provider

Details of the payments are as follows:

- £15,000: £1,200 each month
- £20,000: £1,500 each month
- £25,000: £2,000 each month
- £27,500: £2,250 each month
- £30,000: £2,500 each month

For each award an additional amount will be paid in February and July to equate to the full award.

These payments are not taxable, but might be included as part of your capital income if you receive state benefits. Contact your local benefits office to find out how this might affect your situation.

You may be eligible for other student finance. Use the student finance calculator to estimate:

- student loans
- extra student funding eg if you are disabled or have children

<https://www.gov.uk/student-finance-calculator>

Your results will be more accurate if you know your annual household income (your parents' or partner's income plus your own).

Please note:

There has been no change to the rights and status of EU nationals in the UK, and UK nationals in the EU as a result of the referendum.
