Dear Families

**Safe Drive, Stay Alive  
Dorking Halls, Dorking - Friday 10 November 2017**

As many of our students are considering learning to drive, we would like to help them understand some of the serious issues around road safety that affect young drivers and passengers. Road Traffic Collisions account for the most common cause of accidental death among this age group and, for this reason, Surrey Fire & Rescue Service and partners have invited our Year 12 students to attend the award-winning road safety initiative 'Safe Drive, Stay Alive'.

The initiative targets young people, as a vulnerable age group, to make them more aware of the risks and dangers associated with driving. The show is a modern, original and hard hitting event that challenges students' attitudes and perceptions

We are making this trip compulsory for all Year 12 students as we know how important it is for them. It is free of charge and coach transport is provided. The event will be held at Dorking Halls and we are booked for Friday 10 November 2017 at 10.30am. Students will be picked up by coach from school, after registration, and will be back at lunchtime to participate in their afternoon lessons.

Please complete the attached consent form and return it to Ms Walsby in the Sixth Form Office by Friday 3 November.

Yours faithfully

Ms N Meston  
**Director of Sixth Form**
