6 October 2017

Dear Families

### **Science Staffing**

I wanted keep you updated about recent Science staffing following on from previous correspondence.

I am pleased to confirm that the school has managed to appoint a member of staff to fill the one vacancy that had become available. I am also very pleased to confirm that our colleague who was not able to attend school due to illness is coming back on a phased return from next week.

One member of the Science Department staff is currently on paternity leave until Wednesday 11 October. These lessons will be covered by a combination of a cover teacher as well as support within the department.

The Science Department at Waldegrave School has been very supportive with staff time to assist A level teaching at Teddington School and to support planning in Year 10 and 11.

All other Science Department staff are in school and working well with our students.

Thank you for your continued patience. Please be assured that the senior leadership team are working hard in school to ensure Science lessons are running as smoothly as possible.

Yours faithfully

Ms K Pacey  
Head of School
