Dear Families

Science at Teddington School

I wrote to you last week about Science at Teddington School. Staff have spent time working on a strategy to support the Science department and their exam groups in the run up to the summer exams.

Part of this strategy involves reallocating staff to exam classes and doubling up teachers where possible. We have also sought the support of local schools in delivering intervention sessions.

There is additional support in place for exam groups through targeted morning and afternoon intervention sessions, Saturday revision classes, additional mock assessments and revision resources.

This timetable change will inevitably have an impact on some non-exam groups. We are committed to maintaining a high standard of teaching and learning in these classes. All lessons will be centrally planned and quality assured and there will be additional senior leadership support where required.

A proactive recruitment drive will continue to appoint the best teachers possible for Teddington School students and we have secured an excellent new Key Stage 3 Science leader to start after Easter.

Thank you for your continued support.

Yours faithfully

Kathy Pacey
Head of School
