Dear Families

### **Teddington School Uniform Clarification**

I have been asked for clarification by some parents about the rules regarding rolling up of uniform skirts. I am aware that many of the girls do this and it is difficult to get them all to roll them down. In my letter sent home earlier today, I have asked that from September 2018 all girls wear the grey uniform skirt that has blue piping detail at the top or grey trousers. This uniform skirt has a blue band at the top and it is therefore easier to identify those pupils who have rolled up their skirts. The girls are told that the blue piping detail at the top of the skirt should be visible. The old style pleated skirt should also be rolled down as well. To avoid any further issues, you may wish to purchase the new style skirt earlier than suggested ready for the start of next term as a way of alleviating the problem.

For the boys, if they are wearing the shirt and tie, they should have their shirt tucked in. Some boys are wearing black trousers. These are not school uniform and they are to wear grey trousers only.

I hope this has given some clarity and I appreciate your support in enforcing the uniform policy.

Yours faithfully

Ms Pacey  
Acting Headteacher
