Dear Families

Your Teddington Sixth Form Views

In order to develop and inform our Sixth Form provision for September 2020, I would like to gather the views of our current Year 10 students. Please encourage your child to read the following information and complete the Google questionnaire.

Yours faithfully

Mr Giles

Head of Year 10

Dear Student

Student voice is always an important part of day to day school life. It is vital for our planning and preparations that your thoughts and views are taken into account. This is absolutely true when we consider how we best develop our Sixth Form for you.

We want to provide you with a post 16 choice that delivers on a number of levels:

- Appropriate courses
- A quality program of enrichment and activities
- A wide range of experiences that will help shape you as individuals and enhance your opportunities moving on to Further Education and/or the work place.

In order to help us provide you with a fulfilling and quality experience at Post 16, please help us by completing this short questionnaire. Your views WILL impact YOUR Sixth Form in time for when you start Year 12 in September 2020.

[Complete the Sixth Form Survey here.](#)

Thank you

Mr Giles
