Year 11 Extra Curricular Support French, German and Spanish

Dear Families

Please see below details of the extracurricular sessions that are currently offered in Languages and encourage your child to attend where appropriate to help boost their grade. Please note there is no cost for these sessions and working in a smaller group or 1:1 can make a huge difference for students. Speaking exams are in early May so revision should start as early as possible.

Many thanks for your support.

Yours faithfully

Ms Green (Curriculum Leader MFL)
