Dear Families

Year 11 GCSE Science Revision Sessions

As indicated in the letter sent regarding the Year 11 revision sessions at Easter, the Science department will be running three Saturday revision sessions as follows:

Saturday 23 March, 9am -12.00pm Combined Science: Paper 1 topics;

Saturday 30 March, 9am -12.00pm Combined Science, Paper 2 topics;

Saturday 27 April, 9am -12.00pm Physics, Chemistry and Biology – all topics.

All sessions are relevant for students taking both the Higher and Foundation tier papers. During each morning the students will rotate to ensure that they cover the Physics, Chemistry and Biology topics.

If your child would like to attend then please ask them to sign up for the relevant session(s) on the sign-up sheet which is now fixed to the STEM noticeboard in the first floor science corridor, just outside classroom 110.

Yours faithfully

Mrs R Foley
Curriculum Leader, Science
