Dear Families

PiXL Independence Resources

In order to support Year 11 students with their revision we are providing online resources to use. These 'PiXL Independence' resources allow students to revise, identify areas of weakness and then work out how to address these areas. These resources are designed to support students in taking ownership for their learning and working on their individual needs in each subject area. The resources cover all subjects apart from Business and Food Technology.

Each booklet includes a range of tasks, each allocated different credits. The harder or longer the task the more credits awarded. Students may decide to set themselves a goal for the number of credits they complete over half term, for example, or their teacher may set an expected goal.

For more information on how best to use these resources please refer to the [guide for parents](#) under the curriculum area for Key Stage 4.

In order to access the resources students should use the following log in details:

<https://students.pixl.org.uk>

PiXL School Number: 503195

Password: Indep128

If students have questions about particular subject resources they should speak to their class teacher in the first instance.

Yours faithfully

Ms K Corrigall
Assistant Head Teacher
