Dear Families

### **Support for the Year 11 Mock Examinations**

I would just like to take the opportunity to wish your child well over the next two weeks in their mock examinations. This week, both in class and for homework, teachers have been focusing on revision strategies and key topics. I trust this has assisted students to structure their time wisely at home to prepare as well as they can. The purpose of these examinations is to help prepare students in advance of the summer exams.

The mock timetable and a list of key topics for each subject is available for students on the Teddington School website at <http://www.teddingtonschool.org/Examinations>.

Separate presentations for English, maths and science, which were delivered in Year 11 assemblies recently, are also available to provide specific guidance for the mock exams.

Teddington School works closely with PiXL (Partners in Excellence) who offer additional resources to support students. These include an independence booklet, for the majority of subjects, which contain a variety of exam questions ranging from multiple-choice to extended answer. I would encourage students to use these during their revision, as practising exam questions is one of the most effective ways to revise. The Independence booklets can all be found using the following log in details:

<https://students.pixl.org.uk>

PiXL School Number: 503195

Password: Indep128

Again I would like to wish your child the best of luck in the mock examinations and thank you for supporting them during the next fortnight.

Yours faithfully

Mr J Ribolla

Deputy Headteacher
