Dear Families

Year 7 Science Food and Digestion – Edible Insects

As part of the Key Stage 3 science scheme of work, Year 7 students study food and digestion. Two of the sections taught within this topic focus on balanced diets and healthy eating. To enhance the students' experience of diets from different parts of the world we are ordering a variety of edible insects from a company called "Crunchy Critters":

<https://www.crunchycritters.com>

As part of the discussion on diets and food around the world, students are being offered the opportunity to taste these. There is no obligation for your child to take part in this during the lesson if they would prefer not to.

If your child would like to sample the edible insects, please complete the permission slip and return it to school by Wednesday 17 January 2018. Students should give the completed slip directly to Mrs Foley.

If you have any concerns or questions please do not hesitate to contact me on the main school email info@teddingtonschool.org

Yours faithfully

Mrs R Foley
Curriculum Leader, Science

YEAR 7 Science Food and Digestion – Edible Insects

Please return to Mrs Foley

I give permission for _____ (Student name)

In form _____ to sample edible insects during their science lesson

Signed _____ (Parent/Carer)
