## **Year 7 Maths Exam**

Dear Families

All Year 7 students will be sitting two 45 minute end of year maths exams. The dates for these exams are Monday 25 June and Tuesday 26 June in their normal maths lessons. Both these exams will be non-calculator papers.

The exam will cover all work learnt during Year 7 and resources to support the students are available on the Year 7 maths page of Firefly:

- Select "Revision Booklet" for a document which lists the topics and contains practice questions. Their class teacher will be guiding them in the use of this document;
- Select "Topics" for documents showing the order and details of each module that has been taught, with references to pages in the text book;
- Select "Textbooks" for PDF versions of the textbook and the homework book. At the end of each chapter in the textbook is a consolidation exercises which is an ideal revision resource, and the previous pages in each chapter may be used as a revision guide. Additionally, student may use the homework book to improve on topics identified through the consolidation exercises.

The revision booklets are a guidance resource only and students should use MyMaths, their past checkouts and marking from their teachers along with the scheme of work to inform their own revision. Your child's mathematics teacher will also give time for revision in class to support them in their preparation for the exams.

Yours faithfully

Miss C Scott  
Assistant Curriculum Lead Mathematics
