Dear Families

Year 7 Homework

Homework is an important part of the Teddington School curriculum. It reinforces the learning which has taken place in lessons and encourages students to work independently.

As you receive your child's first report, you will see that assessing the quality and effort of their homework is one significant way of measuring your child's progress.

The attached information is intended to supplement the current [Year 7 Homework Timetable](#) and to clarify the expectations of each subject for homework. Please be aware that different subject teachers may vary the nature of homework to incorporate longer term projects and to ensure that it remains an enjoyable and enriching part of school academic life.

All homework should be written down in your child's school planner, and I ask that you discuss this with your child if there appear to be any significant gaps, before signing it each week. If you have any concerns about whether your child is being set the correct amount of homework, please contact your child's tutor via a note in the school planner.

Yours faithfully

Mr Golding
Head of Year 7
