7 June 2018

Dear Families

Year 8 Mathematics Exams

All Year 8 students will be sitting two 45 minute end of year mathematics exams. The dates for these exams are:

- Tuesday 19 June (non-calculator) and
- Wednesday 20 June or Thursday 21 June (calculator) in their normal maths lessons.

The exam will cover all work studied in Year 8 and resources to support the students to prepare are available on the Year 8 maths page of Firefly:

- Select "Revision Booklet" for the document which lists the topics and contains practice questions. Their class teacher will be guiding them in the use of this document;
- Select "Topics" for documents showing the order and details of each module that has been taught, with references to pages in the text book;
- Select "Textbooks" for PDF versions of the textbook and the homework book. At the end of each chapter in the textbook is a consolidation exercises which is an ideal revision resource, and the previous pages in each chapter may be used as a revision guide. Additionally, student may use the homework book to improve on topics identified through the consolidation exercises.

The revision booklets are a guidance resource only and students are expected to use MyMaths, their past checkouts and marking from their teachers along with the scheme of work to guide their own revision. Each mathematics class teacher will also allocate time for revision in class to support students in their preparation

Yours faithfully

Miss C Scott
Assistant Curriculum Lead Mathematics
