Dear Families

Year 9 Homework Schedule

In Year 9, students are set two 40 minute pieces of mathematics homework each week. These may be set together as one 80 minute homework or separately as two pieces which should take 40 minutes each. Your child will be set questions from the exercises listed below. Extension tasks will be set when appropriate. These resources can be found on Firefly in the Resources > Maths > Year 9 section. The class teacher will give due dates when they set the homework. On occasion teachers will set either MyMaths tasks or directed improvement tasks (DIT) based on tests. If your child is absent they are still expected to complete the homework set.
