Welcome
TO KING’S

Choosing a school is one of the most important decisions you will ever make.

All parents want their children to fulfil their potential and be happy. Academic success is very important, but so too is a rounded education, nurturing a love of learning and the development of social skills.

King’s has always been both an academic school and a school that offers pupils remarkable opportunities and experiences. Our pupils excel in a broad range of subjects and a wide array of artistic, musical and sporting activities.

Pupils leave us with the character and attributes essential for success later in life, and with a sense of responsibility and their place in a wider community. Our aim is to cultivate lifelong learners and independent thinkers, nurturing inquisitive minds through our unique curriculum and our focus on the development of skills.

We are fortunate to have a stunning semi-rural location in Cheshire. But we are defined by our people: we pride ourselves on being a caring and kind community and a place of wellbeing. Pupils are seen as individuals and valued in an environment where their talents can prosper to the benefit of the community. Positive relationships between pupils and with staff are a defining feature of the School.

We are immensely proud of King’s 516-year heritage, but we are also a forward-looking school with an exciting future. The School has always been eager to innovate and in 2020 we will move to a new, 80-acre rural campus, which will be one of the largest of any independent day school in the country and will offer truly world-class learning facilities.

Our most recent ISI Inspection report recognises King’s as ‘excellent’ in every aspect, including quality of pupils’ achievements and learning, curricular and extra-curricular provision, teaching, pastoral care and leadership. I would encourage you to form your own opinion by visiting us and experiencing for yourself what makes King’s a special place in which to learn and grow.

Dr Simon Hyde
Headmaster

“Teaching throughout the school is excellent.”
– ISI Inspection 2015
Inspirational LEARNING

Our lessons are designed to encourage pupils to think for themselves and to foster curiosity and understanding.

At King’s, our aims are:
• to challenge our pupils to aspire, work hard and achieve;
• to develop lively and enquiring minds;
• to foster a friendly, polite and caring community; and
• to support parents in raising ambitious and well-rounded individuals.

Academic success
King’s provides an inspiring learning environment and an atmosphere of intellectual challenge. We are unashamed in our pursuit of excellence.

King’s pupils do extremely well academically, putting King’s in the top performing independent schools in the country. At GCSE, typically around 85% of all grades are A*–B (6–9) and at A Level around 80% are A*–B.

Around 90% of our students achieve their choice of university place; typically 65% join Russell Group universities, including to Oxford and Cambridge.

But we are not a factory, and more important than statistics is ensuring that each individual fulfils their potential.

King’s alumni can be found at the top of financial, creative, sporting, media and scientific industries.

Lively and enquiring minds
Our curriculum is broad, modern and innovative containing lessons in Critical Thinking, Global Perspectives and Cognitive Acceleration through Science, alongside more traditional subjects. It is designed to develop independent learners with the character and skills to succeed long after they leave school. Our teaching puts an emphasis on developing good learning habits such as resilience, questioning, collaborating, reflecting and reasoning. Alongside the usual lesson content, we focus on helping pupils understand how they learn and on developing higher-order thinking skills such as analysis and evaluation.

Challenge and enrichment
Lessons at King’s are stimulating, varied and fun. We aim to challenge each and every pupil.

Our Challenge & Enrichment Programme is designed to develop pupils’ abilities and talents via a range of activities both inside and outside the classroom, including national schemes, competitions, trips and specialist tuition. The programme encompasses all academic subjects and year groups. Our ‘Aspire’ programme prepares students who wish to gain a place at the most selective universities or on the most competitive courses such as Medicine and Law.

“The quality of pupils’ learning and achievements is excellent.”

- ISI Inspection 2015
Educating the WHOLE CHILD

King’s offers a whole world of exciting opportunities from regular sporting, musical and cultural activities to exploring the biggest peaks and volunteering in remote parts of the globe.

We understand that many of the attributes our pupils will need later in life – determination, resilience and good communications skills – will be learnt whilst volunteering, producing a musical or in a sports team. We offer a choice of more than 100 different activities, ranging from art, climbing, drama, electronics, squash and STEM Club to sailing, surfing, taekwondo, volleyball, Chamber Orchestra, Concert Band and Jazz Band.

An energetic life
King’s has a national reputation for its sporting successes in athletics, cricket, hockey, netball, rugby, tennis, trampolining, show-jumping and gymnastics. We are also one of the largest Duke of Edinburgh Award centres in the country, with around 300 students participating every year, and each of them learning new skills, undertaking expeditions and volunteering in the community. King’s has a very large estate, with three locations each containing impressive outdoor spaces, sports facilities and even a wildlife meadow, giving our young people the space they need to grow and learn. We also make the most of our local area, and further afield, taking pupils caving and hiking in the Peak District, mountaineering and sailing in Scotland and coasteering, kayaking and music-making in Wales.

Adventures & experiences
When it comes to school trips, fieldwork studies, foreign travel, charity work and expeditions, pupils at King’s have it all. We offer a range of opportunities to allow pupils to experience other cultures first hand. Whether it is a ‘World Challenge’ in Costa Rica, Nepal or Namibia, a language exchange to Germany, a cultural experience of Japan, a biology trip to South Africa, a sports tour to Australia or a choir tour to Rome, pupils are able to learn about themselves at the same time as appreciating other cultures.

Creativity and expression
The creative life of King’s is equally rich and varied. Pupils of all ages experience opportunities in art, design, technology, music, drama, dance, creative writing and poetry. Concerts, musicals, stage shows and music festivals allow pupils to develop their individual skills whilst working collaboratively and developing their confidence.

Music is central to the life of King’s and musicians of all abilities play and sing in the many musical ensembles and choirs, ranging from Super Samba and Woodwind Wonders in the Juniors to the boys’, and girls’ choirs, Big Band and Wind Band.
A Place of WELLBEING

Exceptional pastoral care is at the heart of the King’s School.

We know that all our pupils have enormous potential and our staff are committed to providing an environment in which every single pupil will flourish. We expect the highest standards in behaviour and school work, but our focus on wellbeing means that pupils learn in a calm and supportive atmosphere.

A polite and caring community
The values of love, compassion and mutual respect underpin all our activities and relationships. We are proud that our pupils leave us as well-rounded individuals, with confidence in themselves, resilience and respect for others. Our pupils are encouraged to see their value, and the value of others, and to become courageous and responsible citizens who contribute to society. A strong sense of community is aided by the Prefect System, House System and peer support networks.

A small school atmosphere
Although King’s is a large school, attracting the very best staff, our divisional structure means that pupils experience the intimacy of a small school, where every individual pupil and member of staff is known on a personal level. Each Division has its own Principal and own pastoral team. The size of year groups is such that no pupil can go unnoticed or ‘slip under the radar’. We are very proud of our bespoke tracking systems and excellent communication with parents.

Importantly, King’s can also offer your child a seamless journey from Pre-School through to Sixth Form. This provides many advantages; our staff are familiar not only with your child, but also with the whole educational journey and the requirements at each successive Key Stage.

Strong relationships
Small classes allow every single child to be valued as an individual and have their talents nurtured. A defining feature of King’s is the strong relationships that flourish between pupils and with teachers. A pupil’s class teacher or Form Tutor is central to her or his wellbeing and each year group has a Head of Year/Section, who takes an overview of pupils’ academic and pastoral welfare. Along with our Pupil Manager, nurses, counsellor and support staff, we know that our pupils have plenty of people to listen to them.

“From the youngest age, pupils learn the importance of treating others with respect and consideration.”
- ISI Inspection 2015
Tradition and INNOVATION

King’s has never stood still. Keen to innovate and always striving to improve all aspects of what we do and how we teach, the School successfully combines heritage and innovation.

Mirroring the ambitions we encourage within our pupils, our ‘2020 Vision’ is allowing King’s to chart a future that is every bit as ambitious and distinguished as our history.

An exciting future
Opening in September 2020, King’s will operate from a new purpose-built school campus on the outskirts of Macclesfield and Prestbury. Set in nearly 80 acres of beautiful Cheshire countryside, surrounded by woodland, the campus will be amongst the largest of any day school in the country.

The project will transform and centralise our facilities, bringing together all of our pupils, staff and resources on to a single site.

The new School will incorporate the latest educational thinking on classroom design, with versatility and interactivity at the heart of the plans. Facilities will include purpose-built accommodation for Infants, Juniors and Senior pupils, a performing arts faculty and performance theatre, an arts & design faculty with exhibition space, as well as a large main hall, refectory and central library.

A separate Sports Centre will provide a 25-metre swimming pool, indoor cricket centre, a six-court sports hall. Externally, there will be multiple rugby, cricket and Astroturf pitches, netball courts, junior football pitches and facilities for athletics and rounders.

We are firmly committed to retaining a rural feel for the campus, maximising the opportunities of adjoining woodland and green spaces. To ensure good access, King’s will continue and enhance its network of buses to bring pupils to and from school and provide a shuttle bus service to Macclesfield railway station.

Timescales and structure
The new site will open during the summer of 2020 and the academic year starting September 2020 will see all teaching and activities on the new campus. A series of visits and transition events will take place from May 2020, in order to familiarise pupils, staff, parents and the community with the new facilities. From 2020 onwards, all pupils joining King’s will be taught co-educationally throughout their time in the school.

“All of our expectations have been exceeded and it is definitely the right place for all four of our children.”
- Parent

For the latest information on the new school, scan the QR code with your phone’s camera.
Where the JOURNEY BEGINS

King’s offers children the very best start, helping lay a strong foundation for their educational journey.

Infants

King’s Infants is very much the start of a child’s learning journey: children flourish in small classes with caring, experienced teachers. Each child’s happiness is at the heart of all that we do and our aim is to create a stimulating and exciting environment where learning takes place through enjoyment. Children experience indoor and outdoor learning and we offer a curriculum based upon, but going beyond, the national requirements.

Our ‘Learning Challenge’ curriculum encourages cross-curricular teaching and promotes independence, perseverance and investigative skills. Pupils are seen as individuals and great care is taken to differentiate according to each child’s needs and pace of development. Children enjoy ‘wow’ moments linked to the topic being studied that help bring the curriculum to life. These include trips to museums, libraries and galleries as well as visiting speakers, artists, authors and the occasional cave man and dinosaur!

Infants have access to a range of clubs to enrich their development, such as choir, ICT, craft and construction groups, cookery, football and yoga. All pupils have singing and music lessons as part of the curriculum, as well as French lessons from Reception onwards.

Juniors

A rich and broad education is at the heart of King’s Juniors. Our ‘learning Challenge’ curriculum provides dedicated time each day for English and Mathematics, whilst enquiry-based learning allows cross-curricular exploration of topics to broaden children’s understanding of the world. This highly engaging approach allows pupils to acquire historical, scientific and geographical knowledge at the same time as developing life skills such as independent learning, questioning, resilience and reflection.

Our pupils are encouraged to take an active part in lessons, express opinions, work collaboratively and develop a positive attitude to study and the application of knowledge.

A Challenge & Enrichment Programme is available for all, including the exceptionally gifted and talented. The curriculum for all pupils is enriched with school trips, visiting speakers, artists and authors, as well as special activities planned throughout the year. Specialist teachers deliver lessons in Music, French, PE, Games and Swimming.

A healthy interest in sport is promoted, with children regularly competing against schools from across the North West in football, rugby, cricket, netball, hockey, rounders, cross-country, athletics and swimming. Emphasis is placed on participation, although success is celebrated and King’s is highly successful in many sporting competitions.

Music and drama play a vital role in the life of King’s Juniors. Large numbers of pupils participate in our musical ensembles – Woodwind Wonders, Team Brass, Guitar Ensemble, Super Samba and Stringstars – as well as in our Junior choirs. Children regularly perform in concerts, church services, music festivals and shows.

A variety of clubs are on offer, including Art & Design, Chess, Dance, Yoga, French, German, Spanish, Coding, Latin, Lego, Maths, Nature, Puzzle Club, Science, Cookery, Trampolining and many more. Juniors also participate in a number of trips, including outdoor activity holidays, a French trip and a sports tour to Jersey.

“In Years 1-6, pupils numeracy skills are highly developed and listening and reasoning skills are strong.”

- ISI Inspection 2015

“This is the highest standard of teaching our children have ever received. More than this, we see an environment where the children genuinely care for each other.”

- Parent
Seniors

King’s Senior Divisions are where pupils achieve impressive academic standards whilst participating in a remarkable range of activities and gaining the skills and confidence to thrive long after they leave school. We are committed to making your sons’ and daughters’ education a fulfilling, exciting and rewarding experience. We provide an environment in which they are able to explore personal strengths and interests with confidence, reaching their potential and more.

Pupils enjoy a broad curriculum so they can gain essential skills across a full range of disciplines and gain a good understanding of the world. In Year 7, pupils study 17 subjects including four creative subjects, four languages, mathematics, the sciences, humanities, Critical Thinking and PHSE. From Year 8, pupils start to select their preferred language and creative options, before going on to study 9, 10 or 11 GCSEs.

Pupils consistently achieve the best GCSE results in Cheshire East: typically, 60% of all grades are at A*–A (7–9) and 85% are A*–B (6–9). Even more significantly, we know from nationally standardised tests that our pupils regularly achieve a whole grade higher in their GCSEs than their predicted ability, demonstrating the incredible value that our teachers add. These outstanding results open up so many possibilities for their futures and our pupils gain access to some of the most competitive universities, art colleges and music schools in the UK and abroad.

The extra-curricular offering is immense: more than 100 activities provide inspiration, enjoyment and success. From animation, art, drama, electronics, philosophy and poetry clubs, to writing the school newspaper, debating society, Italian and pistol shooting, there really is something for everyone. Trips, foreign travel, charity work, competitions, visiting speakers, Duke of Edinburgh Awards, sports tours, concerts and choirs are an integral part of life at King’s.

In sport, pupils compete at local, regional and national level across a range of traditional team sports such as cricket, hockey, netball, rugby as well as athletics, gymnastics, trampolining, cheerleading, sailing, equestrian squad and much more. Pupils also enjoy social football, volleyball, dance, basketball and yoga. Our pupils benefit from highly qualified sports staff and coaches.

“Six years on, we remain delighted that we chose King’s as the school for our children.”
– Parent

A love of LEARNING

Senior pupils enjoy an academically challenging curriculum alongside a world of opportunities beyond the classroom.
Sixth Form
King’s Sixth Form offers excellence in pastoral care, alongside academic study, which is rigorous, exciting and varied.
Emphasis is placed on independent learning, self-directed research projects, small tutor groups and discussions in order to bridge the gap between GCSEs and university. We encourage all our students to aspire, work hard and fulfil their potential. Academic achievements are high and our results are consistently well above the average for independent schools nationally and locally.
The dedicated Sixth Form Centre includes teaching and study areas, a careers centre, café and multi-sports facilities. Sixth Form life extends well beyond the classroom and includes a range of activities including Young Enterprise, Debating Society, World Challenge expeditions, national competitions, volunteering, charity work, trips and travel abroad.

Academic courses
The majority of our students study three A Levels, thus maximising teaching time in their subjects. In some cases, often where Further Mathematics is studied, four subjects may be chosen.

In Year 12, students taking three A Levels take a course in Global Perspectives.
In Year 13, the Extended Studies programme allows students to study for the prestigious Extended Project Qualification or an alternative qualification such as Sports Leadership, the Arts Award, Expedition Leadership, Japanese or Theatre Studies. Most students go on to study at university and choose courses ranging from Art to Zoology, with everything in between.
Many students choose Russell Group and other research-dominated universities, including Oxford and Cambridge.

Striving for EXCELLENCE
King’s Sixth Form is exceptional in the way it prepares students for life at university and beyond.

“Harriet graduated from Newcastle University in BA(Hons) Business Management, top of her year and won the Academic Prize to go with her first! It’s in no small part down to the ethos, values and guidance King’s gave her in Sixth Form.”
– Proud parent
Support and Guidance
From early in Year 12, students are provided with support and guidance to help with their choice of university and course, with applications for apprenticeships, the world of work, travel or community projects. Each student is assigned to a Senior Adviser who has specialist knowledge of subjects, courses and careers. All students receive individual careers advice from our Careers Officer, who also oversees a programme of visiting speakers, talks by university admissions tutors, visits to UCAS events and university open days. Students facing university interviews are given at least two practice interviews, one of which is with an external specialist in the student’s chosen subject.

Sport and Activities
Wednesday afternoons are devoted to recreational activities. Students choose from a range of options including art, drama, sport, volunteering or outdoor activities such as rock-climbing, caving, abseiling and sailing. There is a wide range of competitive and non-competitive sport which includes netball, rugby, yoga, tennis, hockey, golf, cricket, cheerleading, squash, volleyball and badminton. Many students achieve very high standards as individuals in representing their county, region or even the country.

Performing Arts
Drama and music both enjoy a high profile at King’s. Students can follow a course of preparation for LAMDA examinations or participate in our theatrical productions. Regular trips are organised to many of the North West’s theatres. King’s has a busy programme of concerts throughout the year which feature our Foundation Orchestra, String Orchestra, Wind Band, Big Band, Jazz Band, Foundation Choir and many instrumental ensembles. Several exceptionally gifted musicians also perform with national ensembles such as the National Youth Choir and National Youth Jazz Orchestra.

Admissions
INFORMATION
The following pages contain everything you need to know about joining the School.
Infant Admissions

Pre-School and Reception places are being offered for September 2019 and 2020 entry. For Pre-School entry, a child must be aged 3 by 1 September of the academic year in which they are to join. They must be able to meet all of their personal needs by the time they start at school. There are two package options:

Option One: Fulltime, term time
5 days per week.
Per term: £2,745 (£8,235 annually)* paid termly, or by monthly direct debit.
Notice period: Half a term.

Option Two: Parttime, term time
3 days per week.
Per term: £1,645 (£4,935 annually)* paid termly, or by monthly direct debit. Additional sessions can be booked at £30 per half-day session.
Notice period: Half a term.

Junior Admissions

Pupils are admitted to the school in September but also throughout the academic year, subject to availability of places. The main Entrance Assessments for September 2019 entry will take place during the week commencing 14 January 2019. Assessments are also held throughout the academic year for mid-year entry. Children are invited to join us for a full day in school before completing their assessment papers the following morning. This is a positive experience for children because they are able to familiarise themselves with our staff and pupils, enjoy lessons, lunch and playtimes and become comfortable in our environment before they return to complete their assessments. We aim to create a relaxed, purposeful atmosphere to help children to perform to the best of their ability. Tasks are set appropriate to their age to assess the expected standards in literacy, numeracy and reasoning power and to see potential. As part of the assessment process we will contact your child’s current school to ask for details of academic progress and interests. This information forms an important part of the admissions procedure and parents usually wish to inform their child’s school themselves, in advance of us making contact. Although past papers are not supplied, Assessment Guidelines are provided.

To apply for an Infant place, a Registration Form should be completed and returned to the Admissions Team with a non-refundable fee of £50.

Wakefield and Holiday Care

Breakfast Club, After-School Care and Holiday Care are available for Infant and Junior pupils. Sessions must be booked in advance and the costs will be added to the next school fee bill.
Breakfast Club from 7.45am – 8.30am: £5.50 per day
After-School Care from 3.30pm – 6pm: £9.50 per day
Holiday Club – £40 per day, £30 for a morning (including lunch) and £24 for an afternoon.

11+ Entrance Assessment

Assessments are held throughout the academic year, subject to availability of places. Children are not formally assessed, but will be invited into school to be observed in class to assess their readiness to join their year group. To apply for Year 1 and Year 2 entry, places are offered subject to availability. Children are not formally assessed, but will be invited into school to be observed in class to assess their readiness to join their year group.

For Reception entry, places are offered on application, subject to availability. Registrations for Pre-School and Reception places are accepted from birth, but not before!

11+ Offer and Reply Dates

King’s is a member of the Greater Manchester Consortium of Schools, which operates a common system of dates for the publication of 11+ offers and their acceptance (to avoid putting undue pressure on parents). King’s follows the agreed Consortium timetable for 11+ applicants: please see our website for details.

Interviews and References

An important part of the admissions process is an interview with you and your child. This is an opportunity to find out more about your child and, of course, a further opportunity for you to visit the School and get more information. Details of the interview dates are on our website. As part of the admissions process, we will also apply to your child’s current school for a reference. We wish to build as full a picture of your child as possible and we use all of this information, in addition to the entrance examination scores, to make an offer.

11+ Scholarships

Academic Scholarships are awarded in recognition of an outstanding performance in the 11+ Entrance Examination. They are awarded to pupils aged 11 years at the time of admission. Academic scholarships are tenable throughout the holder’s time in the Senior Division, subject to good conduct and progress. Music scholarships are available by audition, following the 11+ Entrance Examination.

Admissions Information

12+ – 14+ Senior applications

Please see our website for dates of registration deadlines, entrance examinations and response deadlines.

11+ Bursaries

A number of means-tested bursaries are available to give financial assistance to pupils applying for 11+ admission into the Senior Divisions. The level of award is determined by parental need, school funds available and performance in the Entrance Examination. Each award is assessed on an individual basis. The award is tenable throughout the holder’s time in the Senior School, subject to good conduct and progress, and is reviewed annually in the light of changes in parental circumstances. It should be noted that the number of applications for bursaries usually exceeds the funds available.

11+ Scholarships

Academic Scholarships are awarded in recognition of an outstanding performance in the 11+ Entrance Examination. They are awarded to pupils aged 11 years at the time of admission. Academic scholarships are tenable throughout the holder’s time in the Senior Division, subject to good conduct and progress. Music scholarships are available by audition, following the 11+ Entrance Examination.
Admissions INFORMATION

Contact the Admissions Team:
tel: 01625 412325
admissions@kingsmac.co.uk

Applicants should have obtained a standard of at least Associated Board Grade 3 or its equivalent. The scholarships are tenable throughout the holder’s career in the Senior Division, subject to the holder contributing fully to the music of the School. Please see our website for more details.

Sixth Form Admissions

External Candidates

We recommend applicants come to our Sixth Form Open Evening and the Subject Options Evening. These evenings are specifically designed to give families a feel for life in King’s Sixth Form. Teaching staff and current students are available to talk about the many opportunities on offer at King’s.

The next step is to complete a Registration Form and return it with the non-returnable registration fee of £50.

Prospective students and their parents will be invited for an interview in December/January, at which time we will contact schools for a written reference and predicted GCSE grades. Places are then provisionally offered, subject to attainment of the entry grade requirements.

Generally, a minimum of four grade 7s and two grade 6s (or above) are required at GCSE. All candidates for the Sixth Form are required to meet the university matriculation requirements of at least a grade 4 or above in English and Maths. Grade 7 or above is advisable in the subjects to be studied at A Level.

Sixth Form Bursaries

The Quincentenary Bursary Fund provides means-tested financial assistance to deserving students wishing to join King’s Sixth Form. The Alex Anderson Bursary is available to one or more external candidates wishing to join King’s Sixth Form who are able to demonstrate strong academic potential, as well as make a contribution to the School in other areas such as sport and/or music.

The Merchant Taylors’ Bursary – funded by the Merchant Taylors’ Livery Company of the City of London – is available to an external candidate from Macclesfield (SK10 and SK11 areas) wishing to join King’s Sixth Form who is able to demonstrate strong academic potential as well as make a contribution to the School in other areas such as sport and/or music.

The general information of the Director of Music.

General Information

This prospectus represents King’s current ethos, structure and facilities. It is not part of any agreement between parents and King’s. Although believed correct at the time of printing, some statements may become out-of-date in the future. Parents wishing to place specific reliance on a statement in the prospectus should seek written confirmation of that statement before accepting the offer of a place.

Accessibility

King’s seeks to be inclusive in its approach to prospective pupils. We are committed to providing opportunities for all pupils wherever possible. Pupils with disabilities are encouraged to apply and discuss the implications with the Admissions Team.

School Shop

The School Shop is based at the Fence Avenue site and is operated by F. R. Markhouse. It stocks school uniform, sports clothing and footwear, sports equipment and stationery. Please see the School website for opening hours.

Fees

Tuition fees, from 1 September 2018:

Infants: £3,500 per term
Juniors: £3,300 per term
Senior School: £4,330 per term
Sixth Form: £4,330 per term

A sibling discount of 10% of fees is granted in respect of the second and subsequent children from the same family attending the School concurrently. This discount does not apply to Infants.

Fees are payable termly in advance on or before the first day of each term. Fees are reviewed annually in the Spring Term for the following academic year.

Transport

Both of King’s sites (Fence Avenue and Cumberland Street) are served by local bus services. It stocks school uniform, sports clothing and footwear, sports equipment and stationery. Please see the School website for opening hours.

Train journey times are quick and convenient e.g. Prestbury 4 minutes, Congleton 9 minutes, Poynton 10 minutes, Bramhall 13 minutes, Cheadle Hulme 16 minutes, Stockport and Stoke 20 minutes, Manchester Piccadilly 28 minutes. For further information on bus routes please call 01625 260010.
