

# Tolworth Girls' School & Sixth Form New Build Update 4 - Spring 2017

## Introduction:-

This is a short summary newsletter to keep parents/carers up to date with our new building plans here at TGS. Our plan is to regularly update you on our progress.

## What is happening:-

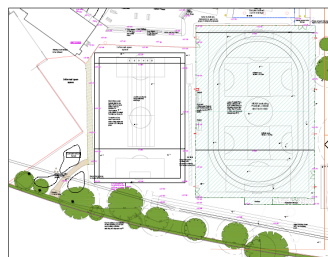

We are now over half way of the build and we expect to collect the keys late July early August. However as with all builds there could potentially be some delays and we will keep you informed.

Below some pictures showing the progress so far since our last newsletter. Internal rooms and brick-work is now going up.

Our time capsule is ordered and we will be working with our Student Council Environmental Committee for suitable content.

We are finalising bids on our new MUGA (Multi Use Games Arena) a plan of which is shown below. Works is planned to start early May on this with completion by September.

## Phase 2A

We are very excited that Phase 2A is planned to start end of May beginning of June 2017. A 3D image of Phase 2A.
