

# Tolworth Girls' School

## GCSE Press Release August 2018

Following our outstanding A level results last week, we are pleased that we are also able to celebrate record breaking GCSE results today. Our year 11 students have been a pleasure to work with throughout school; They are ambitious and conscientious and have once again shown that hard work will be rewarded. Educational reforms have meant that the new GCSEs are more challenging, but our students have embraced this, achieving excellent results in all subjects.

80% of our year 11 students achieved grades 9-4 in both their English and Maths GCSEs, with 60% achieving a grade 5 or above in both subjects. This was a significant improvement on last year's results, which had also broken previous records. 28 students achieved at least 6 grades 9-7, with 47 exams being awarded grade 9, the new top grade.

We would like to take this opportunity to thank everyone who has made this success possible, obviously the students themselves, but also the teachers who have prepared them so thoroughly despite the lack of resources available to support the new courses and of course, all the parents and carers whose support throughout the exams has been vital.

## Congratulations Year 11!

We would like to congratulate all our students and would highlight the following excellent individual achievements:

Barbara Francik who achieved 9 grade 9s, as well as a grade 7 and 8. A truly magnificent achievement.

Eva Andrikopoulou who achieved 10 good passes including 4 grade 8s and 4 grade 7s.

Melissa Crisp who achieved 9 good passes including 2 grade 8s, 3 grade 7s and an A.
