Dear Parent/Carer

Key Stage 3 - Design and Technology Department

In the Design and Technology Department we pride ourselves on the variety of specialist opportunities we offer that allows the students to experience designing and making using many different materials and techniques.

We have traditionally supplied all of the materials, components and consumables required for each project, other than ingredients for food lessons. Unfortunately, there continues to be reductions in the funding available and as a result we are unable to provide such a range of experiences without your help.

To allow us to maintain the range of projects that we offer our students, and to continue to allow the students to take the products that they make home, it is necessary to ask for a voluntary contribution of £10.00 per year towards the cost of materials and equipment use in Key Stage 3.

We would be grateful if you could kindly make the payment via ParentPay.

Please note that students will still be asked to bring in ingredients for Food Technology. The contribution will help provide consumables and fund demonstrations and food tasting experiences.

If you have any queries, please do not hesitate to contact me.

Thank you for your understanding and cooperation in this matter.

Yours faithfully

V.A. Grafham

Mrs V Grafham
Subject Lead Design and Technology
