July 2017

Dear Parent/Carer

In the light of recent events I am sure you would expect the Stanford & Corringham Schools Trust to review any cladding on our buildings and fire safety generally.

Having engaged surveyors to report on external cladding, their initial feed-back was that where cladding is present, we comply with the regulations.

However, given that recent news cast suspicion on the quality of regulations themselves, we asked our surveyors to widen their scope to look beyond the regulations to “are our pupils safe?”

Fundamentally the materials used in and around our buildings, when combined with our fire safety systems, fire risk assessments, weekly alarm bell checks and termly fire drills mean we have safe schools for our pupils across the Trust.

I trust that this provides you with the assurance you deserve to have.

Thanking you for your continued support.

Yours sincerely

Dr S Asong
CEO
The Stanford & Corringham Schools Trust

C Stokes
Principal
