How can I help?

- Read regularly with your child
- Give your child time to read
- Discuss the text as you read and between longer sections of text
- Question the understanding and meaning of words
- Ask questions which involve the literal retrieval of facts and information
- Ask increasingly more complex questions (inference) – why do you think he did that? Do you think it was right for....? And ask for the evidence to support their answers
- Encourage your child to summarise the text they have read
- Encourage your child to read a range of texts
- Model being a good reader – read to your child and discuss.
Any questions?
