

Creative writing

Pick up your author pen and write your own short story or comic strip about a magical event to share with the class! You could magpie ideas from books we have read in school, or from fairy tales that you might have read. Your story could even include colourful pictures which will draw in your reader!

Go on your own Journey!

Take a walk to somewhere natural, like a forest, park or pond. Take pictures of your Journey and the enchanted things you encounter! For an extra challenge, wrap Sellotape around your hands and collect some of the natural materials you come across. Record your findings on a piece of paper to share with the class.

Enchanted Places

YEAR 2

Spring 2

AT LEAST ONE TASK TO BE COMPLETED BY: Friday
5th April

Enchanted slime

Roll up your sleeves and get creative by making your very own enchanted slime! Make it with colourful glitter of your choice. But be careful, this slime will have magical powers... make at your own risk!

Magical printing.

Collect as many unusual and interesting natural objects as you can. This could include leaves, flowers or even some fruit! Use lots of different coloured paint and print the patterns of the natural object onto a large piece of paper to create an enchanted masterpiece!
