Does your child enjoy music, rhythm and dance? Then 'Rhythmic Kaleidoscope' is the club for them!

In this club, for Years 2-6 your children will be taken on a musical and rhythmic journey. They will participate in a variety of mini-projects, ending the term with a final performance.

In previous years, this has proven to be a fantastic confidence booster for the children!

During the Spring term, your children will listen to a variety of music from China. They will learn specific rhythmic patterns that are typical of this musical style using authentic Chinese instruments to help them to compose their own musical composition that they will then practise and perform.

I am an experienced teacher and musician and come from a family of professional musicians; both my dad and brother are freelance drummers and have been my main inspiration for this club.

I would love to take your child on a musical journey next term! :)

Spaces are limited and will be filled on a first come first serve basis.

Term Dates: 10 sessions
January: 10th 17th 24th (31st = INSET DAY)
