

Wimborne Weekly - March 2

Language and artist of the half term

This half term's artist of the half term is linked to a special Olympics week later this month, please see separate letter. As a school with a variety of cultures and backgrounds represented, we believe in helping children understand more about the world in which we live. Language of the half term gives us a chance to learn about other countries and the language they speak. After our launch assembly we have time in class to learn some of the language.

Our language this half term is continuing with **Polish** as Spring term is a short term

Challenge Partner Review Feedback

We are delighted with our new Challenge Partner Feedback and would like to share some of the highlights with you:

- Leaders demonstrate clear capacity to drive improvement and have developed a broad and balanced curriculum.
- The school has developed particular strengths in the teaching of PE. Pupils are offered a range of opportunities to participate in competitive sports. The annual county games are a specific highlight in the sporting calendar.
- The highly valued lunchtime activity, Change for Life programme, enables pupils to self-select equipment designed to promote healthy lifestyles.
- Provision for pupils with SEND is personalised and inclusive. Interventions are highly responsive and regularly reviewed for impact.
- Additional adults are carefully deployed to ensure that both pupils and teachers are provided with the relevant support.
- A well-regarded family learning week offers parents and carers a range of opportunities to engage with pupils' learning and achievements. Events such as the All Stars cooking café promote enterprise. The introduction of the 'Marvellous Me' application promotes effective dialogue between home and school and celebrates pupils' efforts.
- There is significant evidence of strong working relationships between teachers and pupils. Clear expectations for conduct and behaviour ensure that pupils display highly positive attitudes to learning. In most classrooms there is a tangible buzz and enjoyment of the moment.
- There is good evidence of effective use of a range of collaborative learning strategies including talk partners. Where pupils are encouraged to learn from their peers independent learning skills are actively promoted.
