Extended Project Qualification (EPQ)

All students on Level 3 programmes are strongly encouraged to complete the EPQ as part of their study programme. This qualification requires an in-depth study of a chosen topic from one of their A Level/BTEC subjects, the construction of a report, an artefact or performance and then a presentation on this to their peers. The EPQ is equivalent to an AS and generates UCAS points that will prove very useful in any application for a place in higher education.
