Image reproduced with kind permission of [Ordnance Survey](#) ©2017 all rights reserved

1. Study the Ordnance Survey map of Maybole in Scotland. With the aid of a fully annotated sketch map of this map extract, comment on the following key features :
 - a) The shape and layout of Maybole. (5 marks)
 - b) The impact of the transport links on the pattern of settlement. (5 marks)

2. With reference to the map extract:
 - a) In what ways might you expect this map extract to have changed in 25 years time? (5 marks)
 - b) Explain why you think this small market town has not grown into a larger town. (5 marks)

Section B: Extended Writing (10 marks)

Choose **one** of the following titles and write an extended answer in response to it

1. Examine the effectiveness of one government to manage natural increase.
2. "The effects of urbanisation in Middle Income Countries are negative." How far do you agree with this statement?
3. Examine why it is important for governments to control population movement.
4. Examine how and why management is needed to control rivers from flooding.
5. Describe and explain why hurricanes are so dangerous and damaging for Caribbean Islands like the British Virgin Islands.
6. What evidence exists of climate change and why is it such a big issue?

MICs = Middle Income Countries
