Dear Parents,

In Assembly this week I was delighted to award our scholarships to our Year 7 boys. We seek to identify and develop talent in every boy and develop it throughout their time with us. However, there are some whose talent in specific areas is worthy of recognition on entry to the Senior School. This year we awarded scholarships in English, Maths, Sport and Music. I congratulate the boys on these achievements and urge them to be real ambassadors for these talents as they progress through the school. So we are already at the end of the third week back at School and we will be at half term before you know it. I urge the boys who are now following external exam specifications to keep on top of their work. This means listening and concentrating in lessons, being engaged and both asking and answering questions. It also means spending an appropriate amount of time on homework and meeting deadlines. All this whilst participating in sport and extra-curricular activities means that they will be busy and tired. Do please keep an eye on your sons and do make contact with your son's Form Tutor should you have any concerns although it is also good to allow boys to sort minor issues out for themselves. Finally, I look forward to being able to welcome parents to next week's Parental Forum which takes place on Tuesday at 5.30pm.

Yours sincerely,

Mr D Cassidy
