

Dear Parents,

As discussed in our Kindergarten information evening, this academic year we will be assessing and tracking your child's development using an online, electronic learning journey called **2simple**. This is an app on the iPad that the team will use daily to observe and record your child's learning, skills and development.

You can contribute to your child's learning journey by simply accepting the notification you should have received via email. If you have not received this email please inform a member of staff who will be happy to help assist. If you would like to add any photos or videos, which you think are relevant to your child's learning please email these to [inbox@2buildaprofile.com](mailto:inbox@2buildaprofile.com). These will then generate as an observation to the web page and staff will link to the EYFS Outcomes accordingly. A file of evidence will also be collected to support observations. These will include 'wow moments', pieces of work and certificates.

We will share your child's learning journey with you on a termly basis and you will receive these via email through the 2simple parent share. This will of course be of your child only. Please do not post any observations onto any social networking sites in line with safeguarding guidelines.

If you have any further questions, please do not hesitate to ask.

Kind regards,

Miss S Mahon

Headmistress: **Mrs Jo Anderson BA PGCE MEd**
