

21/09/2018

Dear Parents,

Food is the topic of discussion in the Kindergarten this week! As we all know, eating healthily is incredibly important. What we also know as Early Years Educators is that teaching our children to choose the right foods at an early age encourages a healthy relationship with food for a lifetime. 'Knowledge is king' is an old quote but absolutely correct. The children made their own favourite food chart and surprisingly, with the highest number of votes, chocolate cake came in at number 1! The mirrors were out in abundance this week and it was delightful to see the children observing themselves in greater detail. Deep discussions were afoot about eye, skin and hair colour. With a steady hand and lots of concentration, the children drew pictures of themselves which are now proudly displayed on our Kindergarten family tree. This will allow many open opportunities for the children to communicate with their peers and discuss their families and relations. Please come in and have a look at the masterpieces the children have made, they really are brilliant...

Yours sincerely,

*Mrs C Howard*

*Head of BGS Kindergarten*

SEARCH 'BURY GRAMMAR SCHOOLS'

## The Very Hungry Caterpillar

**Kindergarten have been sharing the story of 'The Very Hungry Caterpillar' throughout this week and the children are even able to recite some of the story accurately and independently.**

The children have been working together to make a cocoon and a butterfly as enhancements for their story.

Kindergarten were very excited to taste some of the foods from the story. They recapped how many pieces of each fruit the caterpillar ate and we followed suit.

Next week – on their first welly walk, they are going to search for some 'real' caterpillars to bring back into the Kindergarten. Parents you are, as always, welcome to come along and join in the fun.

We hope to see you there.

# LETTERS
