

Kindergarten Welcome Letter

Dear Parents,

A very warm welcome to Kindergarten to both our new and our existing parents. We are looking forward to yet another exciting and successful year!

In Kindergarten, we work from a play based curriculum, where the children are given every opportunity to learn through their experiences. Throughout the autumn term we will be specifically focusing on the three prime areas of the Early Years Foundation Stage (EYFS.) These are:

- Personal, Social & Emotional Development
- Communication & Language
- Physical Development

We use both our indoor and outdoor environments to tailor our curriculum to meet the children's interests and needs.

Please can all parents provide a spare change of clothes for their child which can remain in school? Staff will inform accordingly should these need replacing. All children should have a water bottle in school so they can access this independently throughout the school day.

The w/c 17th September, we are aiming to make a family board to help settle the children in to their new environment. Please could you provide a photograph/s which you are happy for us to display in the classroom? This will provide many opportunities for children to talk about the family and encourage new relationships to form.

The team are always happy to help and provide you with as much information as possible. You are always welcome to come and talk to us.

Should you require any additional information you can contact...
