

For the End of Year Test in **English**, I need to revise:

Year 7

1. Revise ambitious vocabulary and spellings from the list in your books. Be able to spell them accurately, define them and use them in your own writing.
2. Know what a simile is, what pathetic fallacy is, what tension is and what foreshadowing is. You will need to be able to define the terms, identify them in the text you are studying and use them in your own writing.
3. Know the plot of 'Storm Catchers' so far and how the characters are presented and developed.
4. Know the conventions of local newspapers. What styles are newspapers written in? What devices and methods do they use?
5. Revise the use of commas, semi-colons, colons, apostrophes and full stops.
