

For the End of Year Test in **English**, I need to revise:

Year 8: revision for students pre-PR3

English Reading

- Analytical writing: exploring what has been suggested by the language and structure of a text.
- Language and Structural devices: what are the definitions and what do they show?
- The context of the 1902: what was life like in England during the time?

English Writing

- Spelling, punctuation and grammar: the use of commas, colons, semi-colons, apostrophes, full stops and varied sentence structures.
- Descriptive language devices: definitions, what are they and how can they be used in writing to bring description to life?
- Structural devices in writing: isolated paragraphs, flashbacks, varied sentence structures in writing to create tension.
