

Wallington County Grammar School Year 9 Admissions Criteria 2018 entry

The Local Advisors (Governors) of the School do support the idea of holding a 13+ entrance examination so that we welcome new pupils into the school at ages 11, 13 and 16.

However, holding places deliberately vacant for Years 7 and 8 decreases the funding which we can direct to give our students the best possible education, and with the real terms funding reductions in education it is no longer possible to hold an 13+ entrance exam and consequently there are no plans to offer places to external students to join Wallington County Grammar School into Year 9 from 2018 onwards.
